Power Through Stress & Yield More

EMPLOY BENEFITS

Activates Systemic Acquired Resistance (SAR), which signals a whole-plant response to fight off disease and insect pressure

Decreases abiotic and biotic stress increasing yield and grower ROI

No MRL restrictions and tank mix compatible with most products

Low use rate: 0.5-1.0 oz/A

OVERVIEW

Employ®, when it is applied on the plant foliage, initiates a Systemic Acquired Resistance (SAR) response that turns on the plant's own growth and stress defense capabilities, which results in improved root development, a reduction in abiotic and biotic stress to the plant, nematode suppression, and increased yield.
