

Double Down with Your Tank Mix

- **Specialized blend of MVO and nonionic surfactant**
- **Proprietary blend provides improved spray coverage**
- **Provides uniform droplets, reducing driftable fines**

ALLEVIATE™ is a proprietary blend of modified vegetable oil and nonionic surfactant that provides the coverage needed for optimal deposition and spreading while getting the solution to the intended target. With this advanced technology, ALLEVIATE will minimize the chance for off-target drift by managing the fines that come off the spray nozzle during the spray application.

USE RATE: 1-2 qt/100 gallon

INCREASED COVERAGE OVER LEADING COMPETITORS

% Coverage

ALLEVIATE BENEFITS

Excellent leaf canopy penetration

Improved deposition of spray material

Minimized off-target drift

Optimum spreading for improved coverage
