

Help Your Herbicide Stick Around

EFFICAX® utilizes proprietary technology and is designed for customers who want to optimize residual activity from their pre-plant/preemergent chemistry. EFFICAX helps to increase spray deposits, resulting in more uniform and better coverage. Once on the soil, the EFFICAX results in adhesion of the preemergent to the soil, keeping it concentrated in the surface where it provides for longer weed control than the herbicide alone.

EFFICAX HOLDS YOUR INVESTMENT WHERE IT IS NEEDED, LONGER

Trial Number: PDF235030ND09

RESULTS

By adding EFFICAX to the Fierce EZ tank mix, more Flumioxazin and Pyroxasulfone stayed active in the soil versus Fierce EZ alone.

MORE ACTIVE MATERIAL WITH EFFICAX

+ 5.83 PPB more Flumioxazin | + 233.2%

+ 5.60 PPB more Pyroxasulfone | +15.69%

EFFICAX BENEFITS

Greater herbicide soil retention leading to improved residual weed control

Increased soil deposition creating better coverage

Excellent soil absorption and adhesion properties

Excellent tank mix compatibility
