

Superior Potassium Power

Formulated with the most water soluble and available source of K, the acetate in FOLI-GRO® KILO® stimulates biological activity to increase plant nutrient uptake and efficiency. Its use is suggested as a supplement to a regular, balanced fertilizer program to prevent or correct potassium deficiencies, enhance yields, and reach quality goals. With its ability to mix easily with other fertilizers, FOLI-GRO KILO also saves time and application expenses.

FOLIAR ABSORPTION OF POTASSIUM AFTER 48 HOURS FROM ORGANIC AND INORGANIC K CARRIERS

% K Absorption

FOLI-GRO KILO BENEFITS

Improved stress tolerance

Superior source of 24% K₂O liquid

Promotes boll/fruit retention

Increase enzyme activity and photosynthesis

APPLICATION RATES

APPLICATION	USE RATE PER ACRE
Foliar Row crop	1-8 quarts
In-Furrow	2-6 quarts
Fertigation	1-3 gallons

GUARANTEED ANALYSIS

Soluble Potash (K₂O).....24.00%

DERIVED FROM: Potassium Acetate.
